Reurbanisation  
Vast Halls  
Transparent View

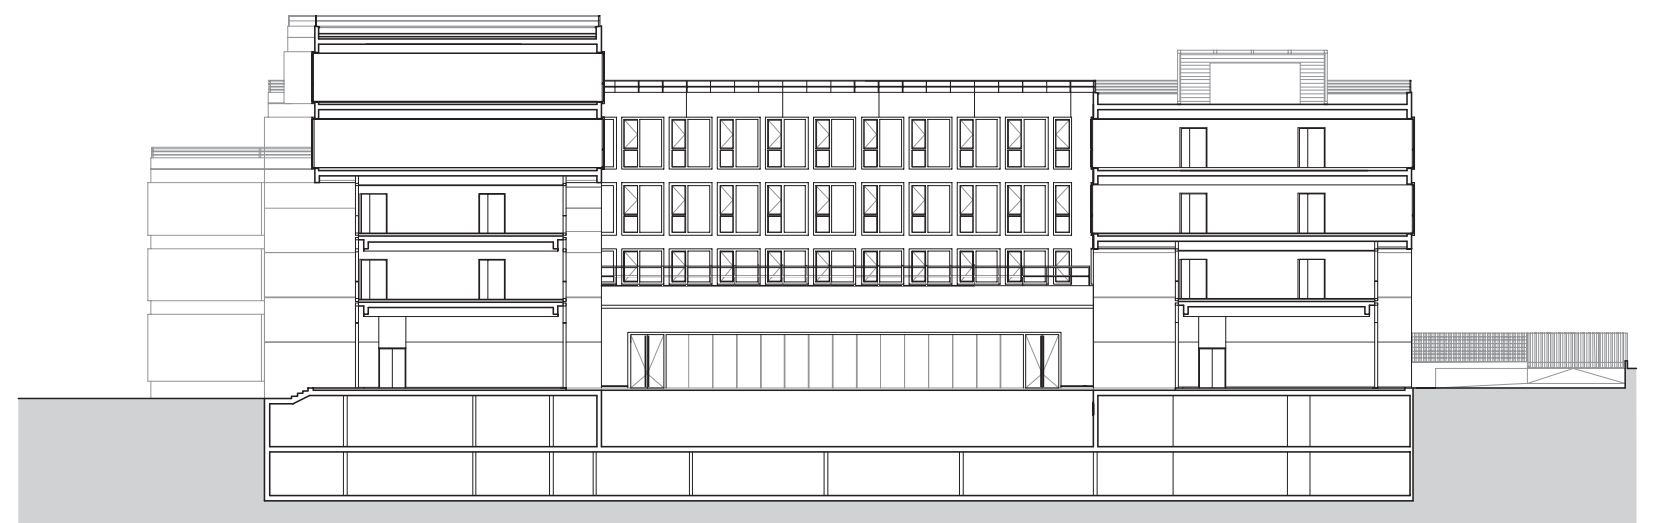

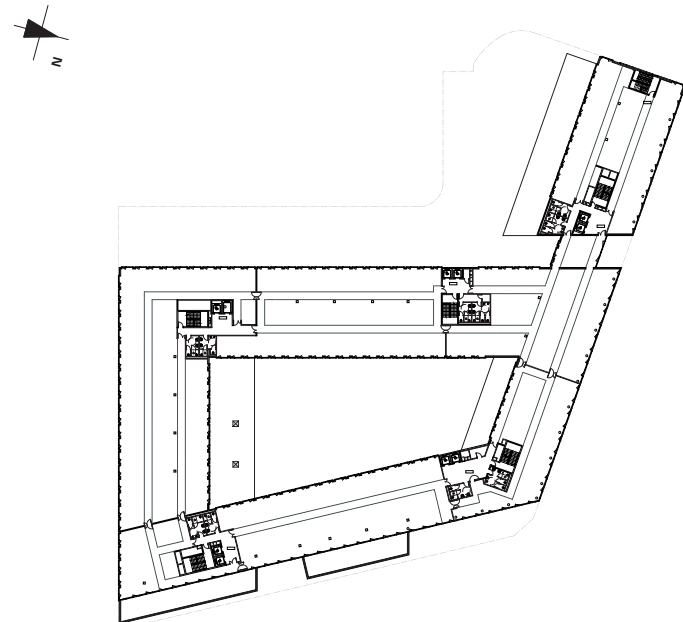

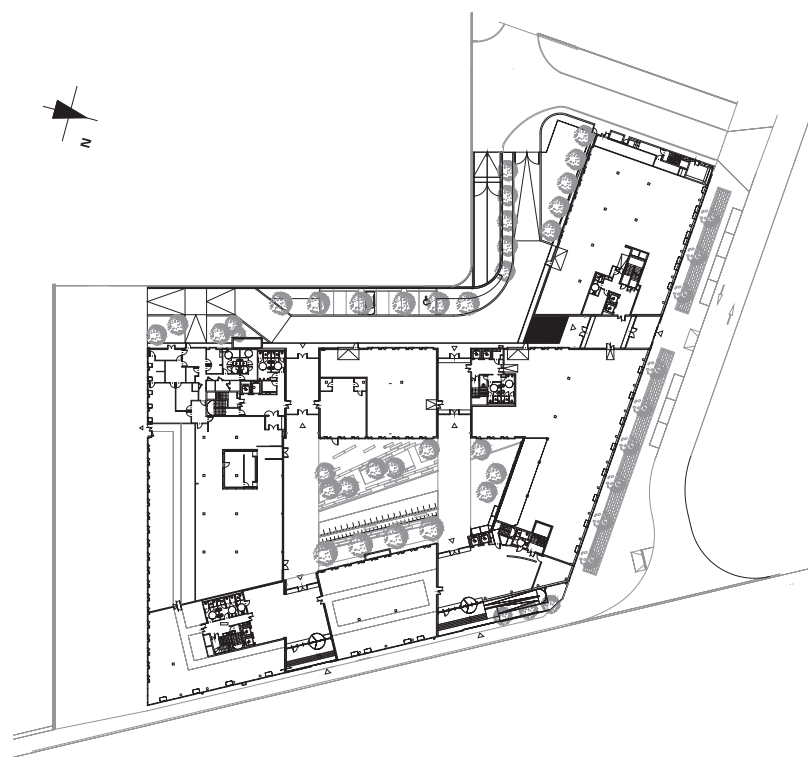

Office in Saint Denis

Location: Saint-Denis, France  
Developer: Arizona  
Architectural Design: Richez Associés  
Area: 20,000 m²  
Photography: Richez Associés / Vincent Vidal

600 m away from the great Stadium (Stade de France), 20,000 m² of offices and activities areas are open, to a serene frontality, the reurbanisation of the channel. The offices answer to the ultimate market standards ; they are rythmed by vast halls, which offer a transparent view towards the interior garden. Their red and champagne teints dialog with nearby Christofle goldsmith workshops.
